Dr. Perkins,

I regret and wish you would have called me back. It would make this court procedure much easier. Since, I have not heard back from you, I will file a subpoena for your deposition. I am trying to locate a place near Flowood, if I cannot find one, then it will be at the Chancery Courthouse here in Oxford. It will be in about two weeks. I will not have a chance to get by the courthouse today, so it will monday before I can get it to the process server.

Also, as mentioned before, I do not need Mr. Alford's assistance in this matter. Contrary to what Mr. Alford told you, your fee will be determined by the court. The court will also have to determine who pays. Ask Mr. Alford to look up MRE 706(c) to edify himself on how it works.

Really wish you would call me to arrange this before I issue the subpoena. It is the proper manner and most convenient process for both of us.

Thanks,
Robert Sullivant, Jr.
