IN THE MATTER OF THE GUARDIANSHIP AND
CONSERVATORSHIP OF ROBERT SULLIVANT SR.

CHANCERY CLERK

BY DC. TJ

NO. CV 2023-214(W)

**PETITION FOR EMERGENCY APPOINTMENT OF
CONSERVATOR OF ROBERT SULLIVANT SR.**

THE RELIEF SOUGHT IN THIS PETITION MAY AFFECT YOUR LEGAL RIGHTS. YOU HAVE A RIGHT TO NOTICE OF ANY HEARING ON THIS PETITION, TO ATTEND ANY HEARING, AND TO BE REPRESENTED BY AN ATTORNEY.

Robert Sullivant Jr., (“Petitioner”), files this Emergency Petition for Appointment as Conservator of Robert Sullivant Sr (“the ward”), and for other relief, and in support hereof shows:

1. Petitioner is the Son of the Ward, whose date of birth is 11/19/1933. Petitioner is a bona fide resident of Lafayette County and resides at 1002 Crawford Cir. Oxford, MS 38655. The Ward is a bona fide resident of Lafayette County and resides at The Ellison, 100 Azalea Dr Apt. 153, Oxford MS 38655.
2. Petitioner is not and has not been a debtor in a bankruptcy, insolvency or receivership proceeding; has not been convicted of a felony, a crime involving dishonesty, neglect, violence, or use of physical force, or other crime relevant to the functions Petitioner would assume as conservator. (Miss. Code Ann. § 93-20-117).

3. Petitioner is best qualified to serve as guardian of the respondent under Miss. Code Ann. § 93-20-308 and as conservator of the respondent under Miss. Code Ann. § 93-20-410 in light of Petitioner's relationship with the respondent and Petitioner's skills, ability, and years of prior experience under power of attorney to perform the duties of such office.
4. As it relates to Miss. Code Ann. § 93-20-418, the petitioner is the only individual who can perform these functions. The petitioner, being the ward's only next of kin and previous attorney under the parties POA, has absolute loyalty to the ward and he has demonstrated this thoroughly. The petitioner has the most intimate relationship with the ward and has the insight to promote the self-determination of the ward and allow him to participate in decisions to the extent he may be capable. Nobody is closer to the ward nor has more knowledge of his finances, as well as his needs and desires, than the petitioner.
5. Petitioner is further qualified by way of the ward's actual wishes when he was mentally capable of communicating them, as demonstrated by the attached *Last Will & Testament of Robert Sullivant Sr*, and the fact that the petitioner is the sole heir to the ward's estate. (Ex. A).
6. It is in the best interest of the ward to appoint a conservator for the reasons that: (a) The ward is an adult who is unable to manage property or financial affairs because ward's ability to receive and evaluate information or make or communicate decisions, even with the use of appropriate supportive services or technological assistance, is limited; (b) The ward has financial affairs that may be put at unreasonable risk or hindered because of the minor ward's age; and/or (c) Such appointment is necessary or desirable to obtain or provide funds or other property needed for the support, care, education, health or welfare of the ward. (Miss. Code Ann. § 93-20-401(2)).
7. Petitioner and the ward had a durable power of attorney in place for nearly 4 years beginning in 2017. (Ex. B). The Ward had chosen the Petitioner as his Attorney and relied upon his action and directions without any complaints, before the ward was unduly influenced into terminating it without petitioner's knowledge by a "sitter" named Evelyn Stevens who is illicitly extracting money from the ward. More specifically, the sitter found the POA, and took the Ward to the office of Jay Westfall in Batesville the day after

she and the Ward took the Petitioner's money to expressly have the POA revoked, so the Petitioner could not get his own money back. The sitter had convinced the ward to use the money in the joint account to buy a house for them.

8. This "sitter" also took it upon herself to block the petitioner's phone number from the ward's cell phone, added her name to a bank account with \$400,000 in funds, and manipulated the ward into purchasing a \$41,000 vehicle for her.
9. This sitter has also attended and sat in on every meeting between the ward and his current counsel.
10. On May 5, 2021, petitioner and the ward agreed to deposit the proceeds from the sale of their mutually owned property amounting to \$230,000, into a joint account to be used for another house, after the sale of the house located in Oxford, Mississippi. Soon, afterwards the sitter convinced the ward to allow her to find the house to buy, and not the son. The sitter convinced the ward the petitioner did not deserve the money in the joint account, and he should take it, and have the petitioner's POA revoked, so he cannot get it back.
11. When the ward transferred the \$230,000.00, from the joint account at Regions Bank, he illegally converted \$115,000.00 of petitioner's funds. This, coupled with other risky and substantial behavior, including the ward's overdrafts, thousands of dollars in mail scams, (Ex. C), failure to pay mortgage payments, failure to file or pay 2020 income tax, substantially running up credit cards that the petitioner had paid down for him, hiring a driver for no purpose, allowing one auto insurance policy to lapse and allowing another to nearly lapse, responding to phone scams and closing a bank account without addressing any auto-pays, prompted the petitioner, using the Power of Attorney, as well as rights arising under certain joint accounts, to take steps to preserve the ward's funds. (Ex. F).
12. Petitioner prepared and filed the ward's 2020 income tax in November of 2021, even after he learned that the ward had attempted to revoke the POA, because it was petitioner's duty and needed to be done. Since then, the Ward has either not filed for 2021, or if he has, then they are incorrect. Far as the petitioner knows the 2022 taxes have not been

filed. Further, the required minimum withdrawal for his 401k has not been made in three years, which has caused fines to be incurred.

13. After securing the \$230,000.00 and transferring \$50,000.00 to the ward's personal account, petitioner also put \$5,000 back in the parties' joint account to pay household bills. (Ex. F).
14. The ward then was brought to Attorney Swayze Alford by his "sitter", who then frivolously sued this petitioner with thirteen (13) charges for converting \$230,000.00, despite the fact that he knew or should have known that only half of those funds were his and, despite the fact that he knew or should have known that petitioner had transferred back into the ward's name, \$50,000.00. Upon information and belief, it was the sitter that convinced the ward the money was his.
15. As it relates to the action described in paragraph 14, the ward has failed to produce any evidence through discovery and his complaint also contained zero evidence. Furthermore, the petitioner produced Accounting to the court in that matter and promptly returned an additional \$51,036 to the ward, an amount that has never been disputed. (Id.).
16. Petitioner also paid \$6,000.00 on the ward's credit card bill, paid his mortgage and utility bills, renewed his auto insurance that he allowed to lapse, allowed to lapse and preventing a subsequent policy from lapsing and transferred \$5,000.00 back to the ward's joint checking account. (Id.)
17. Petitioner took all of these steps for the benefit of the ward and to protect and preserve his funds. Still, the ward did not realize in his incapacitated state that:
 - a. That half of the \$230,000.00 was not his, in fact, the ward expressly stated to petitioner that he believed it was all his.
 - b. That petitioner had returned to the ward \$101,036.
 - c. That petitioner had paid the ward's credit card bill and his mortgage and his utilities for over 22 months.

- d. That he moved out of his own residence per his “choice”, but that he is still obligated to pay the mortgage regardless of whether he chose to live there or not. The ward was likely influenced by his sitter to make this move against his interests, and to isolate the Ward from his son, the Petitioner.
 - e. That the ward’s auto insurance lapsed, and that petitioner procured subsequent insurance.
 - f. After that time, the ward’s subsequent insurance nearly lapsed and petitioner was able to act quickly and save it.
 - g. That petitioner transferred \$5 ,000.00 to the joint account that both parties share to pay household expenses
 - h. That the ward had an obligation to file his 2020 income tax and had failed to do so.
18. The ward has been engaging in a pattern of erratic and irregular spending over the past 4 years. For these reasons, petitioner acted to preserve his funds while responsibly paying his bills and making funds available to him. (Ex. C & F).
19. While ignoring his daily, monthly and annual financial responsibilities, the ward with the assistance of the sitter, was looking for another house to buy with the \$230,000.00 proceeds, half of which did not belong to him, assisted by his sitter Evelyn Stevens.
20. Petitioner is currently in the process of drafting a criminal complaint for elder abuse to the Attorney General against Evelyn Stevens.
21. As a result of the current civil proceedings, the ward has taken two court ordered IMEs, both of which are attached hereto. (Ex. D & E).
22. The IME of Dr. Thomas, done on March 28th, 2022, states in relevant part that: “[the ward], is unable to manage complex financial affairs due to a decline in his ability to receive and evaluate information.” The IME also states that “the examinee is more

susceptible to being swindled or taken advantage of because of his cognitive decline.” (Ex. D).

23. Evidence of the ward being “swindled” and “taken advantage of” are attached hereto. (Ex. C). The court can see the ward’s pattern of reckless spending and financial irresponsibly, which is causing irreparable harm and is only worsening.

24. The IME of Dr. Perkins echoes the same sentiments as Dr. Thomas. It states that the ward “does not have the capacity to consistently execute his wishes and needs”, and that he “would be best served” with a conservator to manage his finances. The report states expressly that Dr. Perkins “believes [the ward] is a person incapable of managing his/her own person or financial affairs and is in need of a conservator.” This conservatorship, according to Dr. Perkins, should be “permanent.” (Ex. E)

25. Dr. Perkins diagnosed the ward with “Major Vascular Neurocognitive Disorder without Behavioral Disturbance.” This diagnosis was made on January 27th, 2023. The IMEs of Doctors Thomas and Perkins were both conducted in accordance with Section 407 of the GAP Act.

26. Despite Dr. Thomas’ report being released over a year ago, and the Perkins report being released months ago, no action has been taken to avoid the inevitable harm of allowing the ward to handle his own financial affairs. No alternative to a conservatorship exists.

27. The ward’s attorney in the current Chancery matter, Swayze Alford, has requested to the court that Chancery Clerk Sherry Wall be appointed Conservator of the ward. However, the petitioner argues that this is wholly inappropriate given his credentials to serve as Conservator and his intimate knowledge of the ward and his relationship with him as next of kin. Sherry Wall will have to engage a CPA or attorney to perform the required financial compliance reporting for the court. The petitioner is more than qualified and experienced to perform the required financial compliance. Sherry Wall will have to depend on the petitioner to develop the Conservatorship Plan (Miss. Code Ann. § 93-20-

419). Given the petitioner's knowledge of the ward and professional experience in the senior living industry, the petitioner can develop this plan on his own. The petitioner has successfully been doing the duties of the conservator before the sitter unduly influenced the ward and isolated him from the petitioner. The petitioner is the best qualified person per (Miss. Code Ann. § 93-20-410) and the duty of conservator for this one ward will be his full time, primary responsibility.

28. Furthermore, as indicated by the two IME's, and the ward's age, the ward needs medical attention to live out his best life. Given the petitioner's experience as conservator of his mother with the same medical conditions, his experience managing the health care of the elderly, and his 56 years of relationship with the ward, only the petitioner can ensure the ward gets the best health care to live out his best life. Sherry Wall would not be able to give the ward's healthcare the appropriate dedication as would the petitioner.

29. This request by Mr. Alford is of further concern considering that a formal bar complaint has been substantiated against him by the Bar Association for his multiple violations of ethics and professionalism in the parties' other matter. The petitioner believes Mr. Alford will exhibit influence over the conservatorship that will not be in the ward's best interest. However, time is of the essence for appointing a conservator as the ward's finances, as well as the petitioners, are suffering as a result of Mr. Alford's malfeasance and lack of candor.

30. Petitioner has attached and can introduce further evidence that the ward has an inability to "receive and evaluate communication" or to "make or communicate decisions, and that emergency conservatorship is necessary to avoid irreparable to both the petitioner and the ward, as they have joint financial ventures. (Ex. C).

31. Pursuant to § 93-20-413(D), Petitioner requests that Conservatorship be granted in lieu of notice as the ward has already been harmed, harmed himself, and is therefore likely be "substantially and irreparably" harmed before hearing can be held. The petitioner has information and belief that the sitter and Mr. Alford have made financial decisions for the

ward that need to be reversed immediately to prevent further loss of the ward's assets, and his sound mind wishes as documented in the POA as well as his Last Will and Testament. Given the ward's age, the sooner the petitioner can effect changes, the sooner the ward can be rid of undue influence, damaging legal advice, and can finally achieve peace, enjoy his relationship with his son, and live his best life during his remaining years.

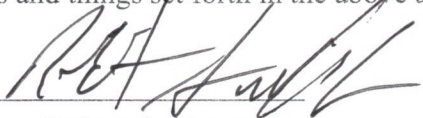

32. Petitioner requests, pursuant to Miss. Code Ann. § 93-20-413, that this court appoint Petitioner as emergency conservator for the ward and would show: (a) appointment of an emergency conservator is necessary and likely to prevent substantial and irreparable harm to the ward's property or financial interests; (b) no other person appears to have the authority and willingness to act in the circumstances; and (c) there is reason to believe that a basis for appointment of a conservator under Miss. Code Ann. § 93-20-402 as set out above exists.
33. Petitioner previously served as conservator for his mother at the request of the ward, prior to her passing.
34. Petitioner is a retired CPA that was licensed in MS & TN. He has practiced accounting professionally for over 25 years. He was a registered agent with the SEC for filing financial reports and compliance reporting for over 10 separate public traded securities. Has completed and filed state and federal / corporate and personal tax returns and performed hundreds of audits on both CPA and client side.
35. Petitioner has the best knowledge of the ward's assets and claims he can make. He has been successfully managing his finances including the arrangement of mortgages and selling of 5 separate parcels of real estate.
36. Petitioner has worked in the senior living industry for over 10 years. He has hands on managed or consulted with over 100 skilled nursing and assisted living facilities; including the one he is in now when it was under local ownership.

WHEREFORE, PREMISES CONSIDERED, Petitioner files this Petition for Appointment of [capacity] for [ward] and requests that, after proper notice to the ward and the parties entitled to notice, and a hearing of this Petition, the Court will grant the following relief:

1. Enter its decree finding that it is in the best interest of the Ward to appoint a Conservator for the Ward and appointing Petitioner Robert Sullivant Jr as Conservator for Robert Sullivant Sr.;
2. Waive the requirement of bond by Petitioner, as Conservator, pending future order of this Court.
3. Direct the Clerk of this court to issue Letters of Guardianship and Conservatorship of Robert Sullivant Sr to Petitioner; and
4. Enter its decree authorizing Petitioner to transfer all ownership interests in assets owned by the Ward to Petitioner.

Code Ann.* §87-3-101; *et seq.*, it is my intention that the authority granted under this Power of Attorney, once effective, shall not be affected by subsequent lapse of time, disability or incapacity and this Power of Attorney shall remain effective unless and until revoked by written instrument signed and acknowledged by me or the duly appointed, qualified and acting guardian or conservator of my person and estate, delivered to my attorney.

In the event my attorney shall take or attempt to take any action hereunder at a time actually following my death (but in good faith and without actual knowledge or notice of my death), I for myself, my devisees, heirs, legatees, distributees, executors or administrators, successors and assigns, in consideration of my attorney consenting to act as such, do hereby agree to indemnify and save harmless my attorney from any loss, damage or expense by reason of such action taken in good faith in reliance upon the authority hereinbefore granted; and any action so taken, unless otherwise invalid or unenforceable, shall be valid and binding upon my devisees, heirs, legatees, distributees, executors or administrators, successors and assigns.

Without limiting the foregoing paragraph, any action so taken by my attorney without actual knowledge of my death shall be, pursuant to the Uniform Durable Power of Attorney Act, *Miss. Code Ann.* §87-3-113, deemed to be an action in good faith under this power. An affidavit executed by my attorney stating that he did not have, at the time of exercise of a power, actual knowledge of the termination of this power by revocation or my death, is conclusive proof of the non-revocation

Examinee: Robert Sullivant Sr.
Referral Source: Swayze Alford, JD
Date of Examination: 3/23/22
Date of Birth: 11/19/1933
Age of Examinee: 88
Examiner: Brian Thomas, Psy.D., ABPP

INTRODUCTION/REASON FOR REFERRAL

The examinee is referred for neuropsychological examination to determine his cognitive and emotional strengths and weaknesses as it is related to the examinee's ability to make decisions regarding his finances. The examination is conducted in relation to an agreed order for independent medical exams. It is my understanding that the exam is requested to address if the examinee is unable to manage property or financial affairs because of a limitation in his ability to receive and evaluate information or make or communicate decisions, even with the use of appropriate supportive services or technological assistance and whether appointment is necessary to avoid harm to the adult or significant dissipation of the property of the adult.

The examinee agreed to proceed with the evaluation with the understanding of the limits of confidentiality inherent in this type of exam. The examinee was informed that no doctor-patient relationship exists, and no treatment would occur. The examinee was informed that I did not require him to participate in this assessment. The examinee correctly paraphrased the informed consent issues noted above and on the informed consent form. The examinee's identity was confirmed with a picture ID.

Interview With The Examinee: The examinee reported the exam is being conducted due to "My son wants me declared non-compenttent so he can be declared my conservator and spend my money." He thinks his son want's control of the examinee's money because "He's greedy." The examinee reported having his finances housed at FNB, Batesville Bank, First Security and also in a safety deposit box. He notes his sources of income currently to include social security benefits and retirement pension from TVA. He reports his current bills are his phone, assisted living rent, internet and cable. He reports spending money on the recent purchase of a truck, clothing, paying his driver, political contributions and the purchase of a house in Oxford.

All history noted below is provided solely by the examinee:

Neurological History: denied

Psychiatric History: denied

Prior Psychological/Neuropsychological Testing: denied

Educational History: The examinee completed his bachelor's degree in engineering. Special education classes were not taken. Academic difficulty was not reported. Prior diagnosis of ADHD/LD was not reported. HS grades were As. College grades were A/Bs.

Brian Thomas, Psy. D. ABPP/ Board Certified in Clinical Neuropsychology

Medical History: The examinee's medical history is significant for allergies, HTN
History of Hospitalizations/Surgeries: He reports being hospitalized for appendectomy, hernia surgery, cardiac problems
Current Medications: He doesn't know names of medication but reports taking medication for cardiac problems and blood pressure.

Current daily routine: He lives in an assisted living facility. Primary activity is to watch TV. IS ABLE TO IDENTIFY UKRAINE INVASION.

He was able to identify the war in Ukraine as a recent news event. Attention during interview: adequate. Psychotic Signs/symptoms: denied. Affect: appropriate. Mood: euthymic. Vision: adequate. Hearing: adequate. Sleep: PROBLEMS WITH MAINTENANCE. Appetite: GOOD.

Record Review: Records of the examinee's bank checks were reviewed. I reviewed several of these with the examinee. He noted that some were related to sweepstakes or political contributions noting "They wanted \$5 every time you turn around" but "I don't do that anymore." Other checks related to animals/wildlife with one being written by the examinee to prevent cruelty to animals and the examinee noting "I'm a sucker for stuff like that all right." Several checks were for magazine subscriptions. He had some difficulty recalling what some were written for though these were written in 2020. An affidavit from Robert Sullivant, Jr was reviewed. The affiant noted the examinee had made him power of attorney in 2017 but revoked this in 2021 without notice being given. The affiant noted his father had a habit of responding to mail solicitations by writing checks to entities that provide no value to the examinee. The affiant noted a total of over seven thousand dollars being written in checks. He also noted that the examinee was on the phone with a scammer in Feb 2018 under the ruse of being an agent a sweepstakes.

ASSESSMENT TOOLS

Neuropsychological Assessment Battery (NAB) – Selected Subtests from a battery of neuropsychological functioning

Reliable Digit Span (RDS) – A performance validity indicator

Reynolds Intellectual Screening Test (RIST) - A measure of intellectual functioning

Lawton ADL/IADL Questionnaire - A measure of ADL/IADLs

Geriatric Depression Scale (GDS 15) - A measure of mood symptoms

Hopkins Adult Reading Test - Form B - A measure of single word reading/premorbid functioning

Veracity: His performance on an embedded validity indicator suggests adequate performance. Given the reason for the examination, there is limited reason to suspect suboptimal effort on the examinee's part.

Intellect:On the RIST, the examinee's performance fell within the Above Average range. His performance on a measure of word reading to estimate premorbid functioning fell within the High Average range. Given all of the above, there is evidence to suggest that the examinee's intellectual functioning falls within the Above Average range.

144 South Thomas Street Suite 104A /Tupelo, MS 38801

Attention/Processing Speed: The examinee's performance on an omnibus measure of attention fell within the Exceptionally Low range. . The examinee's performance on a task of auditory attentional capacity fell within the Average range. The examinee's performance on a task of working memory for orally presented information fell within the Average range. The examinee's performance on a task of visual working memory and visual scanning fell within the Low Average range. The examinee's performance on a task of attention requiring psychomotor speed fell within the Exceptionally Low range. The examinee's efficiency in completing a task of selective attention, distractibility, concentration and sustained attention fell within the Exceptionally Low range. The examinee's performance on a task of selective attention requiring counting fell within the Low Average range. The examinee's performance on a task of selective attention requiring serial addition fell within the Below Average range. The examinee's performance on a task of selective attention requiring complex divided attention requiring serial addition fell within the Below Average range. The examinee's efficiency in completing a serial addition task during a cancellation task was within the High Average range. The examinee's performance on a task of visual working memory, visual scanning, attention to detail, and selective attention fell within the Exceptionally Low range.

Language: . The examinee's performance on a task of speech output and fluency fell within the Low Average range. The examinee's ability to demonstrate auditory language comprehension fell within the Exceptionally Low range. The examinee's performance on a task of visual confrontation naming fell within the Exceptionally Low range. The examinee's performance on a task of reading comprehension of single words and sentences fell within the Average range. The examinee's performance on a task of) auditory language comprehension, reading comprehension, writing, simple calculations and speech output fell within the Low Average range.

Memory/Learning: The examinee's performance on an omnibus measure of memory and learning fell within the Below Average range. The examinee's performance on a task of explicit learning of verbal information across trials, delayed free recall, and delayed recognition fell within the Low Average range, Below Average range and Low Average range, respectively. The examinee's performance on a task of explicit learning of visual information across trials and delayed recognition fell within the Average range. The examinee's performance on a task of explicit learning and delayed free recall of logically organized verbal information fell within the Low Average range and Average range respectively. The examinee's performance on a task of explicit learning, delayed free recall and recognition of verbal information likely to be encountered in daily living fell within the Below Average range, Low Average range and Below Average range, respectively.

Spatial: The examinee's performance on a task of visuoperceptual and visuospatial skills fell within the Average range. The examinee's performance on a task of visuoperceptual and visuospatial skills fell within the Average range. . .

Executive: The examinee's performance on a task of planning, impulse control, and psychomotor speed fell within the Average range. The examinee's performance on a task of judgment and decisional capacity about issues and situations likely to be encountered in daily living fell within the Average range. The examinee's performance on a task of concept formation and mental flexibility fell within the Below Average range. The examinee's performance on a task of rapid oral word generation when provided cues fell within the Average range.

Brian Thomas, Psy. D. ABPP/ Board Certified in Clinical Neuropsychology
144 South Thomas Street Suite 104A /Tupelo, MS 38801
www.thomasneuropsychology.com

Mood/Functional Status: There is no evidence of depression on formal evaluation. His self-report suggests some problems in (I)ADLs when compared with others of similar demographic variables.

Opinion: The examinee demonstrates marked cognitive decline from estimated premorbid functioning. While his intellectual functioning appears preserved, he demonstrates impairment in all other areas of cognition assessed with the exception of preserved spatial/constructional skills. He demonstrates variable performance on tasks of sustained attention/processing speed, impaired complex language comprehension and higher level deficits in learning/memory. There is evidence of possible mild decline in aspects of executive functioning as well. Given all of the above, he does appear to be unable to manage complex financial affairs due to a decline in his ability to receive and evaluate information and communicate decisions. He has a history of writing multiple checks to various organizations that he, upon review with me, had difficulty fully explaining why he wrote checks to some organizations noting "They wanted \$5 every time you turn around" but "I don't do that anymore." Related to other purchases he noted, "I'm a sucker for stuff like that all right." The affidavit of his son provides his opinion that the examinee is making poor decisions and susceptible to being swindled. It is my opinion that the examinee is more susceptible to being swindled or taken advantage of because of his cognitive decline.

Comments on Mental / Physical Health: Mr. Sullivan's presentation is most consistent with a Major Vascular Neurocognitive Disorder without Behavioral Disturbance. This is evidenced by impairments in memory, language, and visiospatial/executive function as demonstrated in testing and clinical impression during his interview. He has an awareness and ability to voice his wishes and needs but due to his impaired cognitive function does not have the capacity to consistently execute those wishes and needs. There are lucid intervals in his illness that enable him to inform those assisting with his affairs of his wishes, but due to the nature of his illness he cannot consistently provide that direction nor appropriately engage or execute contracts. He will be best served by a neutral, independent conservator to manage his finances with his direction and a family member or concerned party who he is agreeable with helping to manage his person.

IN THE CHANCERY COURT OF LAFAYETTE COUNTY, MISSISSIPPI

ROBERT SULLIVANT, SR.

PLAINTIFF

VS.

CAUSE NO.: 2021-612(W)

ROBERT SULLIVANT, JR.

DEFENDANT

ACCOUNTING

COMES NOW, the Defendant, Robert Sullivant, Jr., hereafter "Jr.," through undersigned counsel, and for his ACCOUNTING required by the Agreed Order dated the 17th day of November, 2021, in this matter, states the following:

1. Certain property was sold in Panola County, Mississippi. The Deed for which is attached as Exhibit "A." That property was property of my mother and because she died intestate and because I am their only child, it became the joint property of myself and my father in equal amounts.
2. That property was sold and the Closing Disclosure for that transaction is attached as Exhibit "B."
3. The check arising from the sale is attached as Exhibit "C."
4. \$230,000.00 of that check was deposited into the Joint Account at Regions Bank that I have with my father.
5. Because we were joint owners of that property, half of that check was my fathers, amounting to \$115,000.00 and the other half was mine.
6. Attached as Exhibit "D," is evidence of my transfer of \$50,000.00 to his T.D. AmeriTrade account.
7. Attached as Exhibit "E," is evidence of my payment of his Costco Visa in the amount

of \$6,000.00 for the benefit of my father

8. Attached as Exhibit "F," is evidence of my transfer to the joint account of \$5,000.00 for his use.

9. Attached as Exhibit "G," is evidence of the monthly mortgage obligation in the amount of \$937.44 monthly. Because he did not make these payments, I did for the months of August, September, October and November in the amount of \$937.44 each, one half of which should be charged to him, amounting to \$1,874.88.

10. I also paid his Centerpoint Energy gas bills and one half of these expenses should be charged to him, amounting to \$48.89.

11. I also paid his bill to Northeast Power and one half of these expenses should be charged to him, amounting to \$205.50.

12. I also paid his Home Depot Credit Card in the amount of \$200 on September 9 and a subsequent \$200 on October 19.

13. Attached as Exhibit "H," is my payment of his State Farm Insurance premium in the amount of \$435.05.

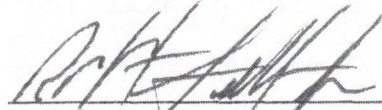

14. Taking these sums from \$115,000.00 results in \$51,035.70.

15. In terms of accounting for the Schwab account ending in the digits 6369, I have no records of what happened with this account, as it was closed more than five years ago. I do recall that it was closed in March of 2016, and that the funds were split with one portion going into the conservatorship account for my mother and the other half going into my father's T.D. AmeriTrade account. What my father did with the funds that were allocable to him past that point in within his knowledge and control.

16. I further state that the Charles Schwab account ending in account number 1125 was closed on March 14, 2016, and the assets there transferred to the T.D. AmeriTrade account of his father, amounting to cash in the amount of \$182,473.00 and 967 QQQ shares. What my father did with these funds once they went into his individual T.D. AmeriTrade account is within the control and power of my father.

THEREFORE, having accounted for the proceeds arising out of the sale of the Panola County property, as required by this Court's recent Order, Robert Sullivant, Jr. asks that this Court accept this accounting and discharge him from any further responsibility arising out of that Order. Robert Sullivant, Jr. asks for such other relief as this Court may find merited under the circumstances.

Respectfully submitted, this the 9th day of December, 2021.

ROBERT SULLIVANT, JR., DEFENDANT
